Grenoble | Alps | France

MINATEC campus based on the triple helix concept : Education – Research - Industry

Education 1.600 people

ATTRACTIVITY
SKILLS FOR THE FUTURE

- >3000 research staff
- >1400 students
- Annual Budget 350 M€
- Industry & contracts >60%
- 13,000m² cleanrooms
- 1600 scientific publications /year
- 350 new patents /year
- 20 joint laboratories
- 10 start-up /year
- 35 weekly scientific lectures /year
>300 attendees /week
- 5 newspaper /year
- 1 conference center Maison MINATEC
35.000 visitors /year
380 events and conferences
- Operated by the 

Research 3.000 people / >400 PhDs & postdocs

NETWORKING

MINATEC® campus, from labs ...

... to shared research facilities

**1.5 B€ invested in
10 years for research facilities**

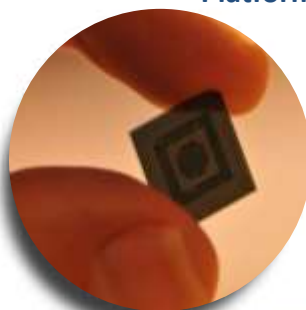

**Experimental
Clinics**

**Education and trainings
Platform**

**Integrated and
embedded systems
Platform**

**Nanoelectronic &
Microsystems
Platform
200-300mm**

**Nanocharacterisation
Platform**

**Bio & chemistry
Platform**

**Photonics
Platform**
